South Sound Parent to Parent
2108 Caton Way SW, Olympia, WA 98502

Parent participation is mandated as part of IDEA, though often parents may not feel like they are equal partners of their child's team. Collaboration between team members benefits both families and professionals. We are "all in the business of education, together" and are here for the common goal of positive child outcomes. This family focused webinar will offer information and strategies that can bolster parent confidence when collaborating with your child's team of educators and professionals.

Online captioning and
in person ASL interpreting
will be provided

Questions: Christine Griffin
gbys@wahandsandvoices.org 425-268-7087
www.wahandsandvoices.org

- Learn how past and current experiences can influence parent satisfaction in educational team meetings.
- Define the seven principles of partnership for IEP teams.
- Learn strategies that families can use to improve collaboration within their child's team.

Lanya McKittrick is a mom of two children who are deafblind. She is also a doctoral candidate in special education at the University of Northern Colorado. Her interest and passion is to improve IEP experience for families. Additional interests include transition and student involvement in the IEP meeting.
